

PMSI

Pet Policy

As outlined in the lease, there are no pets permitted in any PMSI property.

Any tenant or guest of a tenant, housing pets, or if it is found that pets are “visiting” the unit, you will be charged according to the lease. An initial charge of \$150.00 will be assessed to the apartment/house. The animal must then be immediately removed.

*For complete details on pet violations, please review your lease.

Should an animal be discovered then removed and another brought in at a later date, this will be a **second violation and additional charges will be incurred.**

Costs for cleaning, exterminating and deodorizing force us to strictly enforce this pet policy.

Your cooperation is greatly appreciated.
